Press Release

Aquarius Spectrum awarded “Best Poster Runner-Up” at SIWW 2022

Aquarius Spectrum is excited to announce it won **“Best Poster Runner-Up”** award as part of the 2022 Water Convention held in Singapore International Water Week (SIWW).

The Runner-Up Award was given to the company's **CEO – Mrs. Naama Zeldis**, who presented the poster during the event, in recognition of an excellent and professional presentation as well as an outstanding poster, exhibiting originality and high technical quality.

The Aquarius poster was chosen as 1 of 5 awarded posters, out of a total of 116 posters. It demonstrated its successful leak detection project in Singapore, where 900 acoustic correlating hydrophonic sensors are used to reduce water loss by early leak detection on large diameter pipelines.

Aquarius is very proud to receive the award and would like to thank its honorable customer PUB, and respected partners STE Engineering and Evergloss Pte.
